

Basement Project Image 1

Full Bathroom  
behind rectangular  
highlight. Custom door  
made of Wood &  
Glass.

**APPROVED**

11/02/2017

**This is a Revit rendering of a basement project. I uploaded into Bluebeam Revu pdf viewer. Marked it up with a question, comments, dimension details, approved stamp and a watermark for collaboration with others .**

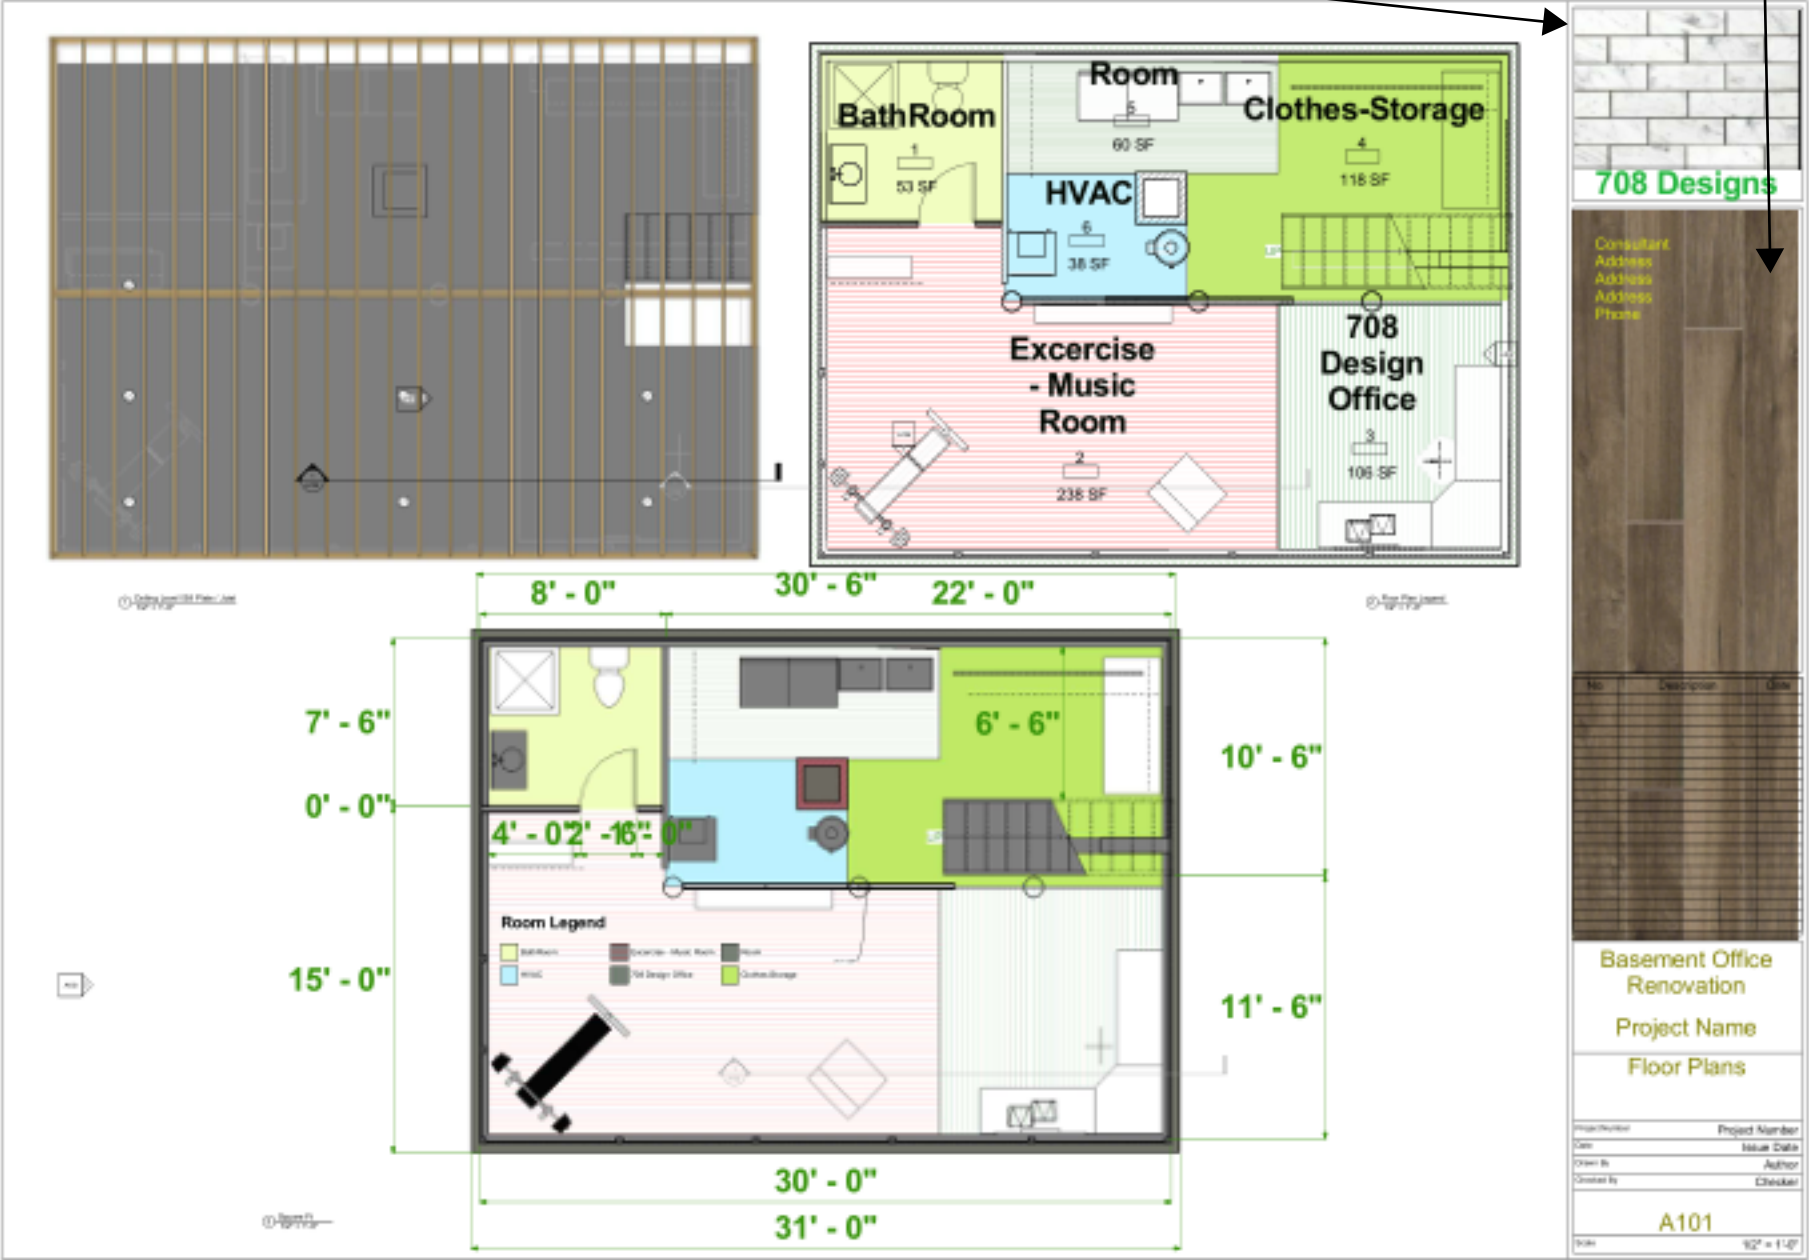

**This is just a sample of my Bluebeam knowledge and use.**

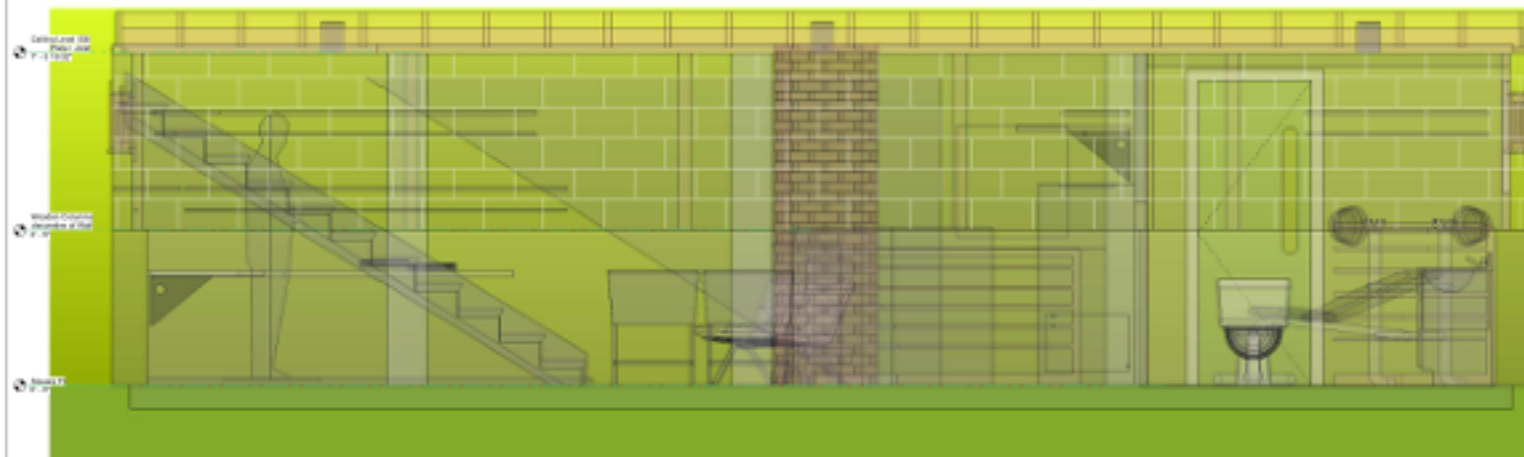

This is a custom sliding panel door that will meet flush with stair stringer.  
(Panel is covered Chevron pattern w tile)

Wall behind panel door can also be seen with half stone and upper half in painted green with a painting of camera. This is a partition wall to hide mechanical HVAC.
